# Final Data

These final data tables represent the outcomes after the close of the assessment session. It includes any changes due to Enquiries upon Results and where results have completed from late school submission of information.

## Context for this statistical bulletin

For the non-examination contingency the IB used the available evidence from teachers on the student achievement; the marked coursework that the student had already completed, the predicted grade from the teacher and evidence on how these two pieces of data usually related to final grades for each school.

The IB has made every effort to ensure parity between the examination and non-examination contingency and recommend all stakeholders to treat them as equivalent. All statistics are based on the combined examination and non-examination contingency.

## Number of students achieving 45 points

From the May 2023 Diploma Programme (DP) and Career-related Programme (CP) assessment session, the statistical bulletin will no longer include data on the number of students achieving 45 points. The IB has made this decision because it values the importance of focusing on the achievements of all students—we are equally proud of all our IB students and the accomplishments they achieved during their two-year DP or CP journey. By presenting the proportion of points in bands of 5, we believe that there is sufficient information for interested parties to understand our standards.

If you have feedback on this statistical bulletin please email: [support@ibo.org](mailto:support@ibo.org)

# Key to abbreviations and terminology

## Programmes

DP: Diploma Programme

## Categories of registration

DP Diploma qualification students must register in one of three categories:

Diploma: Students intending to complete the requirements for the award of an DP Diploma.

Retake: Previous DP Diploma students who are seeking to improve their results by retaking one or more subjects. The highest grade obtained for a subject will contribute towards the DP Diploma.

They must complete all remaining DP Diploma requirements in the corresponding examination session the following year.

Course: Students taking one or more subjects who are not seeking the award of the DP Diploma.

## Results

DP Diploma Results: Data includes all Diploma and Retake category students whether they were awarded the diploma or not. Unless otherwise stated.

## IB Regions

Schools authorized to offer the IB Diploma Programme are grouped by geographical regions. The abbreviations used in the tables are the codes describing the following geographical regions:

IBA: IB Americas
